

REGA MACHINE OIL

is a very heavy, viscous oil and is especially compounded for use on shaftings and general machinery. It is far superior to any machine oil that we have ever seen in this district, and we can recommend it very highly for use on slow speed engines and general farm machinery. Orders can be filled for barrels, half barrels or small quantities.

PENHOLD NEWS.

Garden Party--Rifle Shoot-- Church Opening.

The garden party, under the auspices of the Ladies of St. George's Episcopal church, on Thursday afternoon last, on the lawn of Mr. and Mrs. Arthur Hives, three miles west, was a pronounced success. All sorts of games were participated in by the old and young. Old Aunt Sally was a figure at which wooden balls were thrown. F. M. Oldham's Mascot easily defeated everything in sight of the male persuasion, and Mrs. Charles Wilson of the ladies was easily first. Considerable amusement was caused by a baseball game, ladies vs. gentlemen, of course the ladies won out. Foot races and other sports took place, and in the evening a social dance was held, at which the youth and beauty of the neighborhood enjoyed themselves for several hours. The proceeds were something over \$60.

RIFLE CLUB SHOOT.
The annual shoot of the western portion of the Penhold Rifle Association took place Friday and Saturday. The scores were as follows:

FRIDAY.	200	500	600	Total
J. Reeves	24	22	21	67
W. Henderson	21	22	8	59
A. Hives	28	20	23	72
A. Reeves	29	13	30	72
W. Kennings	25	27	18	70
W. Whiteside	28	29	30	87
E. Reeves	23	25	25	73
J. A. Carswell	27	23	23	73
E. Hives	27	12	13	52
E. Brooker	32	28	24	84
H. Henderson	22	26	5	53
L. Bourne	11	11	11	33

SATURDAY.	200	31	30	77
J. Reeves	26	21	30	77
W. Henderson	24	22	4	51
A. Hives	28	33	13	74
A. Reeves	29	13	30	72
E. Hives	22	14	56	92
E. Reeves	23	16	17	56
W. Whiteside	28	32	22	82
J. A. Carswell	27	15	10	52
W. Kennings	22	20	12	54
H. Henderson	22	21	19	62
E. Brooker	25	22	19	66
L. Bourne	23	19	17	59

The scores on the eastern range have not been received, but will be published later.

CHURCH OPENING.

St. George's English church was opened on Sunday, when two sermons were held at 11 a.m. and 3 p.m., the Rev. Canon Webb, of Calgary, conducting the service in the morning, and Rev. Mr. Whiteside, the incumbent, of Innisfail, assisted by Mr. Webb, in the afternoon. The church was filled at both services, there not being seating capacity in the afternoon. The singing was a strong feature of the services, Mrs. J. A. Carswell presiding at the organ. The offerings at both services were about \$500.

The new church is a splendid frame structure, nicely finished inside and out, very comfortable, and a great credit to the little congregation of worshippers comprising the membership, as there are less than a score of families in the congregation. The building will cost about \$1500, and the church starts practically without any debt on it. The congregation have all assisted with work, several of them working on the building for some weeks. The ladies have also done their share, and the result has been that the greatest harmony has existed throughout, and the beautiful little church stands as a monument to the united efforts and good judgment of those who have been connected with it.

Minister of Agriculture to Visit Red Deer.

Hon. Sidney Fisher, Dominion Minister of Agriculture, is visiting the West this year to inspect the Experimental Farms, and will come to Red Deer on Tuesday afternoon, August 17th. The Red Deer Liberal Association have arranged to hold an open air public meeting in his honor in the Moore corner on Douglas street, Waskasoo park, a very pretty spot for such a gathering, and are making provision in order to give the people an opportunity of hearing Mr. Fisher tell of the work of his department. Senator Talbot and Dr. Clark, M.P., the members of the Senate and the House of Commons for this district, will accompany the Minister and give brief speeches.

EXAMINATIONS.

Standard VI Departmental Exams.

Following are the Red Deer pupils who were successful in their examinations, as far as we can ascertain:

Kathleen Black, Charlie Bremner, Arthur Carswell, Mildred Oldford, Truelia Parsons, Willie Krause, Leland Lockhart, Lillian Evans, Clarence Markle, Leonard Gaetz, Phillip Galbraith, Desmond Tait, Ralph Smith, Robert Hewson, Johanna Gudmundson.

Public School Leaving Exams.

The following pupils have passed the Standard V. examination in Red Deer so far as we can ascertain:

Lillian Bawlinheimer, Nadine Burton, Evelyn Brumpton, Loretta Finley, John Gieslain, Ina Greene, Florence Greening, Pearl Hall, Emma Gudmundson, Hattie Hill, Waldo H. Huestis, Lizzie McBlane, Theresa Meeres, Katharine Miller, Haydee Reinhold, Mable A. Reilly, Olive Smith, Myrtle Smith, Mable White.

Standard seven not published.

Old Timers' Association.

The Old Timers' Association will not meet until the busy season is over, and then at the call of President James Beatty. All old timers who desire to join the association are asked to hand their names in to the secretary, J. A. Carswell when they will be enrolled as members. Besides those at the first meeting the following have handed in their names:

Fred Gaetz, Harry Raikes, Geo. Dominy, A. T. Stephenson, Jas. Speakman, Alfred Speakman, G. W. Smith, W. J. Botterill, Geo. Fleming, John Greening, Tom Alton, Henry Dennison, Joe Cole, I. E. Brisban, Heck Gaetz, Fred Reay, Wm. Cassels, Will Pennington, Charley Cruickshanks, Norman Jackson, Watt McDonald, G. W. Bawlinheimer and four sons, L. J. Carswell, E. Carswell, George Greene, Robt. Leithead, W. Springbett, W. Joyce, John Malcolm, Fred Parker, Tom Wells, Phil Pidgeon, W. Piper, W. Inglis.

Eckville.

A church social was held in the Hoveney Park on Sunday. The fine weather brought a big attendance.

Do you want a telephone in your house? Ask Ernie Bernard at the cheese factory; he has a list of would-be subscribers.

H. Franz has rented a quarter east of here, having sold his land to Mr. Welsh, an old timer in the dairying business.

Paul Fickett has had one of his best horses badly gored by a stray bull.

Mr. Edwards held the usual bi-monthly service last Sunday. He would greatly appreciate a larger attendance. All welcome, every second Sunday, eleven o'clock.

Sunday School Association.

A meeting of the Executive of Red Deer Sunday School Assoc. was held in the Pres. Church on Sat., July 31st at 2.30 p.m. Members present: Rev. T. Philips, president, Innisfail; Rev. W. G. Brown, vice-president, Red Deer; Rev. C. H. Huestis, provincial representative, Red Deer; Mrs. E. Graves, Red Deer; Rev. W. M. Scott, Penhold; Alfred Reay Esq. Willowdale; Rev. Mr. Beaton, Toronto; H. F. Kenny, provincial secretary, Calgary and the local sec.-treas. After meeting was opened with prayer by Rev. Brown and H. F. Kenny the minutes of last executive meeting were read and approved. After careful deliberation arrangements were made to carry on our aggressive campaign throughout the Association's district and to this end Institute meetings will be held in the following centres including all Sunday Schools in their immediate vicinity: Willowdale, Markerville, Everts, Bowden, Milner and Lake View. The provincial secretary and members of the Executive will attend the meeting and will do their best effort to this most important branch of christian work. Resolved that all Sunday Schools in the Assoc. be asked to take a collection on first Sunday in November solely for the extension of the work. Meeting closed in due form. A. E. KEAST, Sec.-Treas.

THE AGRICULTURAL COLLEGE.

The Lethbridge News, in speaking of the pros and cons regarding the Agricultural College, says:

"The Red Deer News favors the agricultural training being taken at the University because Senator Talbot takes the other view. The News is always 'agin' the Senator."

We sized the Senator's arguments up and found them to be in favor of Peter Talbot and Lacombe. They were proved to be in vain, and with fact, and we said so. We have not favored agricultural training at the university nor have we opposed it. We believe the farm lads will hold their own in Alberta against the other students whether they be together or apart. We believe our young men will make better citizens if trained together. A great deal of the rough edges will be knocked off of both classes. If all children were educated in our schools together instead of in separate schools there would be a more harmonious feeling in the province as years go on, and we believe the same principle will hold good in our colleges. Our namesake in Lethbridge knows we are generally "agin" the government, but on this question we feel like letting the government have a say where the Agricultural College will be without being pestered to death by every Tom, Dick and Harry able to raise a voice in favor of his special hamlet as the only suitable location in the province for the college.

HAIL AT LACOMBE.

A severe hail storm visited Lacombe district Sunday last and did a lot of damage. The area covered was about eight miles wide north of Lacombe and about fourteen long. Some of the crops were totally destroyed. A large quantity of glass was broken in Lacombe.

Now that Red Deer is assured of at least two more railways in the near future we begin to realize that our firm faith that Red Deer would some day become one of the commercial centres of Alberta was not misplaced.

We may look for gradually improved conditions in all lines of business from now on. Some bright morning you will awake to the fact that it is a good thing to own some Real Estate in Red Deer, when you will find prices double what they are now--Sequel, Buy now and make the profit.

Here are three samples of our list of bargains:

1. Modern house in Parkvale, with furnace, etc., two lots, worth \$1,500, present price \$1,300, \$200 cash, balance in 5 years. Must be sold this week.
2. Four lots on Main Street, Parkvale. Choice residential lots. Worth \$200 each. \$150 each, for two or four, for ten days.
3. A good business block, corner of Gaetz Avenue and Stewart Street, 50 feet frontage. \$5000, easy terms.

Take your choice of these and double your money in the next few months.

The Crown and Civil Servants.

(Our Ottawa Letter.)

Previous letters of this series discussed differences between the Canadian and the American constitution with regard to the Legislature of the two countries. There is another point of contrast which is even more important regarding the daily life of the people.

Government and administration must be taken home to the people. The farmer as he works his land must know that his property is secured to him, that if he borrows money upon it his rights will be carefully guarded, that his personal safety is secured from robbery and violence. He must have access to judges and law courts; he must have surveys, registrar's offices, and the other apparatus of social life; there must be a police system which will protect him. In the United States as many as possible of the officers who discharge these duties for the people are elected, and serve for limited periods at the end of which they must retire or offer themselves for re-election. Most of the judges in the United States are elected; so are the sheriffs and county officers generally; and to go higher up are the State Governors.

The system in Canada is very different. All these officers are appointive and most of them hold their posts for life or good behavior. The old story about the Crown which already has been described comes into play; it is that the King discharges these

duties for his subjects and names the officers who are to do the actual work. Even the Lieut. Governors of the Provinces are nominated by the Crown—that is to say by the Dominion Cabinet. It must be observed in passing that the power of a Lieut. Governor of a province is enormous; inferior to that of the Governor of an American State. Once in a long time he can act effectively in politics by dismissing a Cabinet and giving the other party an opportunity of gaining power; but these occasions very seldom occur for the most part the Lieut. Governor's duties are those of mere ceremony.

Of more importance is the position of judges. Every judge whether he presides over a county or sits on a bench of the Supreme Court is nominated by the Dominion Government. He sits for life or until he is entitled to retire from old age; if he retires he is given an ample pension; if he does wrong the only way to attack him is by impeachment; cases have occurred where a judge whose conduct has been questionable has been told by the Government that he must retire or be impeached and has chosen retirement. The result of this is extremely favourable to the independence of the judiciary. It may be frankly admitted that nearly all appointments to the Bench are made by the Government from the ranks of its political friends and more or less for purposes of political advantage. But as soon as a man goes upon the Bench he is absolutely independent of the party, he has no remuneration to look forward to,

he is free to discharge his duties as he sees fit, and the traditions of his office are all in favor of rigid impartiality. While occasionally there is suspicion or complaint of party favoritism, it occurs very seldom, and the whole Canadian has a very high respect for and confidence in the Bench. The grosser scandals respecting the American judiciary are very seldom heard would be impossible in Canada.

So also with the officers, such as sheriffs, registrars of deeds, etc. They are appointed by the Crown i.e. usually by the provincial governments. Their appointment is for life or good conduct. The position usually is given to a politician, and when a man enters it as a rule he abandons his politics and the party which appoints him instead of giving one of its workers a salary to keep on working as a public officer while not known is regarded with great disfavor, and in any event the party has no means of forcing the officer to keep it up. He has his own private life, and it is not until he is appointed to it from him, and the usual tendency will be for him to look after his official duties and to leave politics alone. For the Canadian machine politics is a point means a worker; lot; for the American machine politics it often means a worker on salary and preserved to him. The tendency of the Canadian system is wholly towards an efficient discharge of public duties and an absence of meddling with politics.

Old Age Can Be Warded Off.

London, July 17.—As a result of the investigations at St. Mary's hospital, London, Dr. Distaso, of Paris, says he has worked out the theory of Prof. Methnikoff that old age can be warded off. It will be recalled that Prof. Methnikoff declared it to be his conviction a couple of years ago that the latest intestine was the breeding place of the majority of harmful germs in the human body, and when this intestine was removed the majority of germs remaining in the body were beneficial with the result that life was prolonged. Dr. Distaso's convictions were directed to comparing the germs found in the normal individuals and in those whose large intestine had been removed by operations. He so satisfied himself by his studies of the truth of Prof. Methnikoff's theory that he conclusively says that every child ought to have its large intestine and appendix removed when two or three years old.

He further affirms that almost every chronic disease can be traced to the act of these intestinal germs, among others heart disease, arterial sclerosis and most kinds of headaches. Every body would get along better without the big intestine, but those who are inclined to submit to an operation for its removal ought, if they want to live long, to eat very little meat, once daily being plenty with green vegetables and other vegetables at other meals. Water should be drunk abundantly throughout the day, but no tea, coffee or spirits, although a little diluted wine could be allowed with meals. Eggs are dangerous poison. They decompose within the intestines exactly as they do outside, and afford an excellent breeding place for malignant germs.

Canon Webb Will Go To Edmonton.

Announcement is made that Canon Webb, Calgary, diocesan missionary of Alberta, under the Calgary jurisdiction has accepted the call of the vestry of All Saints' church, Edmonton, to be assistant rector in conjunction with Archbishop Gray. Canon Webb is well and favorably known all over the province and his removal to Edmonton will be heard with great pleasure by the people of Edmonton.

As a preacher he stands in the foremost rank in the west and the congregation of All Saints' are especially to be congratulated upon their acquisition.

IN POLITICS.

His days were joyous and serene, his life was pure, his record clean; folks named their children after him, and he was in the social swim; ambitious loud would say: "I plan to be just such a worthy man." But in the fullness of his years, the tempter whispered in his ears, and begged that he would make the race for county judge, or some such place. And so he yielded to his fate, and came forth as a candidate. The night before election day they found him lying, cold and grey, the dearest man in all the land, this message in his icy hand: "The papers that opposed

my race have brought me into deep disgrace; I found that I was a fiend unloosed; I robbed a widow's chicken roost, and stole an orphan's Easter egg, and swiped a soldier's wooden leg. I killed a heathen of his joss, and later kidnapped Charlie Ross; I learn, with something like alarm, that I designed the Guinness farm, and, with a wicked grin, that I stole the hand of a girl, and that I thought myself a decent man, whose record all the world might see; but now, alas, too late! I see that all the depth of infamy have soiled me with their reeking shame, and so it's time to quit the game.

—Walt Mason.

Crop Reports Bright.

Canadian Northern Agents Report Probable Splendid Yield.

Winnipeg, July 27.—The Canadian Northern crop report handed out today contains much cheering information. Harvest according to the reports, will be general by August 24, but many points give August 15 as the date of beginning. From Saskatchewan points, particularly, the reports speak of bumper yields in the most confident terms. In Alberta it seems the harvest will begin in a few days earlier than in Saskatchewan. The report from points along the main line from Kansas west are all of the most optimistic nature, as are those from the Saskatchewan district. Those points in Manitoba which before complained of lack of moisture are now getting in line, and report a good average crop.

Wheat at all points is headed, or in rapid process of heading.

U. S. Settlers Coming Faster Than Expected.

Winnipeg, July 20th.—The forecast of J. Bruce Walker, commissioner of immigration, that there would be 70,000 settlers come to Canada from the United States this year, was the least exaggerated of events are showing. Figures to hand show that this was a conservative estimate, and that there will be probably far more than 70,000 arriving.

Referring to this statement, Mr. Walker said this morning: "In April last I stated, as a conservative estimate, that 70,000 settlers from the United States would cross into Canada this year, being an increase of 20 per cent over last year."

"To-day I am in receipt of the official figures of the total immigration to Canada from the United States, for the months of April and May of this year, and so far as my figures relate to the immigration, my prophecy is born out by the remarkable increase of 53 per cent for these two months over the corresponding months of last year."

Fast Baseball Game.

On Wednesday night last a wild, woolly baseball game, of three and a half innings, was played between the "Rabbit Burrow Sports" and the "Pigeon Nest Ballthrowers," which resulted in a win by the former team by a score of 6-3. We will not give the number of errors made. These right ballplayers are practicing right along, and will soon be able to put up a fast game.

Following are the names of the players:

Rabbit Burrow Sports. P. Smith, P. W. Edwards, R. Huettig, C. E. Bennett, A. Martin, ss. E. White, Harvey, ss. H. Higgs, E. Loose, 2b. H. Hennessy, A. Munro, 3b. J. Brumpton, C. George, rf. C. Nimond, A. Sylvester, of. J. Roughton, J. Collins, lf. C. Monette.

Umpire—Joe Martin. Rooters—P. Cottingham, W. Wilson, B. Rasmus.

Salmon Are In Sight at last.

Bellingham, Wn., July 20.—Sockeye salmon in great numbers are now running in Puget Sound, and for the next two weeks the canneries in this city and at other points will be swamped with the red fish. Yesterday a total of 49,000 sockeyes were brought in from the traps of the Pacific American Fisheries. The Bellingham Canning company received 25,000 sockeyes and the plant in South Bellingham is swamped today. The Astoria and Puget Sound Packing company received 6,000 fish this morning. Every trap on the Sound is now being fished daily.

E. B. Deming, manager of the Pacific American Fisheries, this morning received a telegram from

Carmanah, near Cape Flattery, stating that the sockeyes are swarming into the straits and that the big run on Puget Sound has now started in earnest.

GREAT DEMAND FOR FARM LABORERS.

(Morning Albertan, July 20.)

At present the demand for farm labor in Alberta is greater than the supply, and a number of farmers are at present in Calgary endeavoring to secure men, but in some cases without result. The immigration hall report shows that the building is nearly empty just now, and that the immigrants secure farm situations almost as soon as they arrive in the city.

Sore Feet

CHAFED PLACES, Blisters, etc.

Are your feet hot, sore and blistered? If so, try Zam-Buk. As soon as Zam-Buk is applied it cools and soothes inflamed skin and tissue. Its rich, refined herbal essences penetrate the skin; its antiseptic properties prevent all danger of festering or inflammation from cuts or sores; and its healing essences build up new healthy tissue. For stings, sunburn, cuts, burns, bruises, etc.—just as effective. Mothers find it invaluable for baby's sores!

All Druggists and Stores—40c. box.

THE REGISTERED THROTTLING STALLION

"ZOMVERT" 2 29 1/2

Was sired by the world renowned "Zombero," 2 11, the greatest show horse and sire of extreme speed that ever lived. Besides many other great ones he sired "Lalla" 2 0 1/2, world's record for green mare, "San Francisco" 2 0 1/2, world's record for three yearling green stallion, "Hymettus," 2 0 1/2, world's record for three-year-old gelding. Zomvert's claim to greatness rests not alone with his sire, as his last and 2nd dams were both great trotters, and his 3rd dam was "Pecunia," one of the twelve greatest mares that ever lived. Come to my barn and carefully study his tabulated pedigree, and you will be convinced he is a Prince, and son of a King. Zomvert has been sold for thousands, where other good horses have brought only hundreds. Farmers, as well as others, look to your interests, and breed a mare or two to a Zombero while you can. For the present season he will stand for service at my livery and feed barn on Alexander Street, Red Deer, Alta., at prices within the reach of all.

WEDNESDAY, AUGUST 4th, 1909.

COLD IN EUROPE.

While New York sizzles in heat, the editor of the New York Herald finds congenial occupation in writing of the unprecedented cold in Europe. Both Berlin and Paris send out despatches graphically descriptive of the discomfort occasioned by the prolonged spell of semi-wintery weather prevailing over most of Western Europe. Berlin reports that the unseasonable weather is having serious results for the mountain resorts of Switzerland. Hotels at Lucerne, Geneva and Interlaken are full of tourists, waiting in vain for a change of weather which will permit them to go to hotels in the mountains. These are almost deserted and the Alpine guides are unemployed. Parisians are hopeless of a happy turn in the season, and can only comfort themselves with the reflection that the weather is as bad everywhere else as it is in Paris, while the hotelkeepers there mark the season marching rapidly on towards its end—"without any summer or summer visitors!"

The Herald hopes that the pictures drawn in despatches are too highly colored, but it cites its own cablegrams, which are to the effect that the French government officials report that, although last month was the wettest June on record, the present July promises to beat it. For the last twelve days the sun has only shone on three occasions in Paris, and weather bulletins from every part of France note heavy rainfalls, abnormally low thermometer recordings and hail storms destructive to fresh crops. "It would be a grateful task to report a cessation of the cold rainstorms," says the big paper that is published in sun-baked Gotham, "but our cablegrams from Paris give no hint of strong sunshine, as yesterday opened in the city with clouds and a temperature of only 49 degrees. Nevertheless, the hosts of American tourists now in Europe may not after all be doomed to suffer throughout their stay the miseries of a cheerless summer."

THE PRAYER BOOK.

Revision of the prayer book continues to occupy attention in ecclesiastical circles in England. The lower House of Convocation, the other day, devoted itself to a discussion of the question. The main subject of controversy was the Athanasian Creed. The Dean of Lincoln moved that the rubric should be altered so as to make use of the Athanasian Creed on certain days optional. The dean said that, perhaps more than anybody else in the house, he had been associated with young men, and he could not exaggerate the amount of distress which these damnatory clauses caused to young men, and the mischief they did. These young men could not take the plainest words that were ever written in language to mean only what he himself called the harmless platitudes by which a former Convocation wished them to interpret the words. If they could, he felt they would have learnt the first lesson in the art which their enemies attribute to them—that of using the most sacred and awful words in a "non-natural sense."

The Dean of Winchester moved as an amendment that the Athanasian Creed be transferred from its present position in the prayer book and printed at the end of the book, omitting the existing rubric as an ancient document of the Church. The dean declared that at present not a few of the laity absented themselves from Church on the days on which the creed was appointed to be read; a large

number refused to join in its recitation if they were present; and a still larger number joined in its recitation, with an uneasy sense of misgiving and anxiety. During the discussion, no one showed a very violent affection for Athanasian denunciations, though several speakers thought it would be casting an undue indignity on the ancient creed were it to be stuck at the end of the prayer book. In the end the discussion was adjourned.

CIVILIZATION.

Mene, an Esquimaux boy, in an interview a few days ago gave the following definition of civilization: "What is civilization? It's keeping everything you can get and getting everything you can. It's smiling politely, instead of being generous; it's being pleasant when it doesn't cost you anything. It's just a lot of rules that keep you from being hurt by people who want to get things away from you. It doesn't make any difference how you get the things."

SUSPICION DEEPENS.

The Hamilton Herald one of the most independent and outspoken papers of Ontario says: The Ottawa Citizen recently asserted that the Ross rifle which is being used by most of the Canadian marksmen at Bisley is not the "service" rifle which is being manufactured for use by the Canadian militia, but a special rifle design for target work. In support of its assertion the Citizen made a number of statements which, if true, were sufficient to establish the accuracy of its charge. As this is certainly a matter of public interest affecting the honor of the Canadian department of militia, the Herald did not think it would be ignored; therefore we publish a summary of the Citizen's allegations, and said that if what the Ottawa paper said was true it was matter for regret.

Now the Toronto Globe includes the Herald among those "Tory journals" which are guilty of "the meanest line of criticism that has ever been employed in a poor cause," and which may be left to the general contempt that will undoubtedly be visited on them. There is over half a column of this sort of stuff. It looks suspiciously like an attempt to ward off criticism by means of bluff and bluster. The Herald did not vouch for the accuracy of the Ottawa Citizen's assertions; it does not even yet know that they are true; but the character of the article in the Toronto Globe of to-day tends to strengthen instead of removing the unpleasant impression made by the Citizen's article. It is very significant that the Globe makes no attempt to deal with the Citizen's specific statements, but merely imputes motives like a party hack of the baser type. Judging from the Globe's bluster it is to be feared that much more will be heard about this Ross rifle business and that what is to be heard will not tend to enhance the reputation of Canadians for honorable dealing.

Lever Brothers, Toronto, will send you free a cake of their famous Plaiol toilet soap, if you mention this paper.

G. T. P. Ready For The Crops.

String of Elevator From Winnipeg to Edmonton. Five Thousand Freight Cars are Available.

(Edmonton Journal.)

Plans are being consummated by the Grand Trunk Pacific railroad for the handling of the grain trade over its line between Edmonton and Winnipeg in fall. Preparations in this regard have kept pace with the construction of the track, with the result that even at the present time the facilities are very near adequate for the transportation of the splendid yield promised. By the time the binders begin their music there will be a line of 102 elevators through to Edmonton, with an average capacity of 30,000 bushels, or a total aggregate of almost 3,000,000 bushels. In addition there will be loading platforms all along the line. Four elevator companies are now operating west on the G. T. P., and these include the Security Co. the Atlas, the James Caruthers Co. and the State Elevator Co.

There will be something in the neighborhood of 5,000 freight cars available to take out the grain, and upwards of 175 locomotives. The present power along the line is being augmented by two new engines every two weeks. There is at present under construction at Fort William a terminal storage and transfer elevator for the company, which will have ultimately a unit capacity of 10,000,000 bushels. At the present time one section with a capacity for 83,500,000 bushels is nearing completion. This elevator will not likely be used this fall, for it is not expected the Transcontinental railway will be ready for the transportation of grain to the head of the lakes. Shipments which are accepted along the line will be transferred either to the Great Northern at Portage la Prairie, or to the C. P. R. and C. N. R. at Winnipeg.

Unreserved Credit AUCTION SALE!

Woman's World

LADY ARTHUR GROSVENOR.

A Titled Englishwoman Who Plays Gypsy During the Summer Months. In these days of rapid travel by motor and electric traction there is something refreshingly novel about the adventures of a titled Englishwoman—Lady Arthur Grosvenor's method of holiday making by caravan. The illustration shows this lady on one of her expeditions, accompanied by a friend and her favorite dog. While out on these journeys Lady Arthur Grosvenor does all her own cooking over a regular campfire. She makes it a rule to rise at 6 every morning. Breakfast is ready "in the open" by 8 and a little later the wagon is on the move for the day's journey, covering usually about fifteen miles. Now and then some of Lady Arthur Grosvenor's devoted friends accompany her for a day or two; but, as a rule, the life proves too strenuous for them. Lady Arthur Grosvenor frequently goes along with his

THE CARAVAN IN WHICH LADY ARTHUR GROSVENOR TRAVELS.

wife on these strange tours, but he is not so fond of the life as Lady Arthur Grosvenor herself. In her own social circle she has become known by the nickname of "Bunny Lee." Lady Arthur Grosvenor's camping out life has given rise to a fad among the upper ten in England. A month or two out of the year many of them attempt to practice the "simple life" by camping out on the lawns of their country mansions, walking hand-in-hand on the grass and limiting themselves to farinaceous diet. There are not many, however, who have the hardihood to go in for the "real thing" to the extent indulged in by Lady Arthur Grosvenor.

These gypsy adventures have made her the talk of England for some little time, and quite a number of her society friends cut her because of her strange whim. She goes all over England, however, and seldom takes the trouble to explain her identity. On one or two occasions she found it necessary to extricate herself from an embarrassing position by letting it be known that she was a titled lady simply enjoying an outing. As a rule, English farmers are not at all partial to the whims of the tramp persuasion, as Lady Grosvenor often found to her great inconvenience. Gypsy wagons are not permitted to camp by the roadside, nor can they occupy a field or a meadow without the consent of the landowner. Lady Arthur Grosvenor on several occasions found great difficulty in obtaining the necessary permission and was often moved on by the police from place to place. Now and then, when arriving late at night at some village, her van has been surrounded and somewhat unceremoniously moved on before her ladyship could explain her identity.

Gypsies have an unenviable reputation for pilfering and wherever they go are looked upon with great suspicion. However, despite all the drawbacks, Lady Arthur Grosvenor has stuck to gyping for several months out of each year and is said to have become quite proficient in the art of buying and selling. She often carries a stock of household necessities, such as brooms, mops and kitchenware, and enjoys the experience of going into the farmers' cottages and disposing of her goods.

Warns Against Voter For Women.

A scientific warning against all this suffrage business has been spoken by Dr. Max G. Schlapp, professor in the Cornell University Medical school. The professor addressed the women members of a New York club and made clear his opinion that women can't vote and maintain the birth rate. His views seem sufficient to give every suffragette sober reflection. "Women are becoming more and more active," he says. "They seem about to assume the suffrage. But the sex already is overburdened. The curves on statistical tables show a tremendous decrease in the birth rate since 1870. Other curves show an increase in insanity and nervous diseases. The lesson is that life processes have been disturbed and that an acute pathological condition exists. Statisticians contend that the mother loves the love of offspring, is diminishing with the greater functional activity. Woman is spending too much energy by adding to her functional burdens, robbing herself of her formative powers." Whenever the aggressive leaders in the fight for equal rights are asked about it, there can be no doubt Dr. Schlapp has presented a new aspect of this growing suffragette problem.

SPECIAL SALE

OF FINE MUSLINS, PLAIN AND STRIPED DRESS LINENS AND DUCKS, GINGHAMS AND FANCY NETS.

Part of this lot was shown in our window this week. One piece of Gingham was only marked originally at 25c. per yard, but the balance of this lot ranged from 40 cents to 65 cents per yard.

NOW 23 CENTS.

This is the balance of our stock of fine goods in the above lines, which we intend to clean up entirely before the end of this month. Having only one week to do this, we have made the price so low there can be no doubt about the result.

Frillings in all colors - 3 lengths for 25c.
White Lawn Waists - only 50c.

LADIES' SHOWERPROOF AND STREET COATS

Are going out rapidly. If you can use one of these garments, we are sure the Materials, Styles and Prices will appeal to you.

Less Than Two-Thirds The Original Prices.

THE W. E. LORD CO'Y.

Hall's Summer Prices Are The Lowest Ever.

It's the truth we're telling you, and if it doesn't sound as big as some of the fairy tales you're reading daily, do us the justice of comparing goods and prices with any or all others.

Important Sale of Muslins.

Last week we sold 1,000 yards of Muslin in 3 days. It didn't last long at Hall's price. Our goods never do when we reduce them.

300 YDS. MUSLIN, 15c. YD.
This week we put on sale 300 yards of 25c. and 35c. Muslins, all new and this season's patterns. Come and get your choice for 15c. Yd.

Men's Worsteds Suits, \$10.00.

We have only 10 Suits left out of the big stock we formerly had. The value of these suits were \$10.50 and \$15.00. Come and get your choice for \$10.00. When Hall's suits are gone you'll have to pay more for clothes in town till our big fall stock arrives.

Ladies' Lawn Waists, 99c.

Don't forget our Lawn Waist Sale. One lady said the other day: "Hall's is the only store in town where you ever get a real bargain." Our Waists at 99c. are real Bargains.

A Parasol Snap, 59c.

Just 12 Parasols in this lot; would be considerably cheap at 75c. Your choice, 59c. each.

Flannelette Blankets, \$1.15.

The price on these goods is sure to go up. They are up now in other stores, and they are up wholesale also, but we'll give you another week at them at Our Special Price, \$1.15 pair.

Men's Shirts, 49c.

5 doz. Men's Dark Working Shirts—the kind you usually get for 65c. and 75c. in other stores. Our Special Price, 49c. each.

Men's Fine Shirts, 75c.

Men's Fine Negligee Shirts, good quality and good patterns. Every one a gem. Can't be duplicated anywhere in town less than \$1.00 and \$1.25. Our Special Price, 75c.

Shoe Department News.

This is practically a new department in our store, but it's a growing one. We have just received 7 cases of new sorting lines, and have now a nice range of Strap Slippers and Oxfords for Children, Misses and Ladies; also a full line of Boots for Men, Women and Children.

When you think of Shoes, think of us, and save money by buying at our store.

Directoire Corsets, \$1.50 Pair.

To the ladies who wish a good long Corset at a medium price, we would say we have a first-class corset in just the style now so much sought after, and our price is only \$1.50 pair.

C. E. HALL,

Red Deer's Cash Store, Smith & Gaetz Block.

SUNLIGHT SOAP

Do you know the difference between working and having the work done for you?

Sunlight Soap actually makes the dirt drop off—saves you time and money—but it doesn't make you dirty. That is just the difference between Sunlight Soap and ordinary soaps.

Follow Directions

LOCAL AND GENERAL

Mrs. W. E. Lord has returned to Red Deer from her trip east.

Rev. B. Goodfield left Tuesday evening on a month's holiday.

Red Deer will hold their fair on September 30th and October 1st.

J. Roughton, who has been taking his holidays at Sylvan Lake, left for Okotoks, on Friday.

Judge and Mrs. Lees were in Red Deer last week. They were delighted with our surroundings, and may make Red Deer their new home.

Dave Braton who has been working at the News Office, left Monday for Evarie, where he has taken up a homestead and will go in for farming.

W. J. McLean has returned from examining papers at Edmonton. He was elected Second Vice-President of the Provincial Teachers' Association.

Mr. M. H. Rork has located in Red Deer and has gone into the chimney sweeping business. He has been in the business for sixteen years. He will be found at the Windsor hotel.

L. Martin, of Red Deer, will hold a sale of his 60 head of first class Percheron and Clydesdales from 2 to 5 years old, thoroughly broken on Tuesday, August 10th at P. Cottle's corner, Red Deer. W. Bannerman auctioneer.

The Red Deer M.F.C. Co. have moved to the building on the corner of Galtz ave. and Stewart street, and have put in a new stock of household furniture in addition to their own make of tents, mattresses, and upholstered goods.

W. J. McLeod, who for nine years has been the courteous and efficient deputy in the Red Deer post office, resigned his position last week in order to take outside work. His health has improved since his serious illness two years ago, but he thinks it advisable to take up outside work. Miss Lund will rejoin the staff.

Miss Klippert, Vice Principal of the Red Deer Public School, has sent in her resignation to the board. Miss Klippert left for her home near Collingwood Ont., at the beginning of her holidays, and has now returned to the city to family considerations, she has decided to remain at home. Miss Klippert was one of the most competent and esteemed teachers and the Board are very sorry to lose her.

Haying Contract to Let.
To a party with horses to rake and stack or to the stacking of timothy hay. Terms: Cash after 30 days settling, also mowing of timothy stubble. Apply to JOHN A. BRENNER in person on Farm, 9 miles east town, S. W. 1/4 of 13-26, West of 4th M. July 21st. 13w.

Announcement.
Best Bros. store will be kept open until 8 o'clock during the week and 10 p.m. Saturdays during the sale.
LEWIS BROS. & CO.

JUST ARRIVED.
A shipment of

IRON BEDS & SPRINGS.

We are now able to quote prices on Beds, Springs and Mattresses never before offered in Red Deer.

More furniture coming. See us if you want to save money.

Tents and Awnings at prices that win.

RED DEER MANUFACTURING COMPANY.

The School Board.

At a meeting of the School Board on Monday afternoon there were present Mr. Payne, chairman, Mr. Carwell, Mr. E. Galtz, and Mr. Munro, secretary.

The following accounts were ordered to be paid: Herald Western Printing Co., Calgary, school registers, \$10; Greene & Payne, bill in connection with recovering desks lost in transit, \$21.10; F. H. Sundman, \$2.00; Cushing Bros., \$3.84; Springfield & Harvey, \$6.00; Principal McLean, \$12.25; Town of Red Deer, water rates, \$12.50. The tender of Messrs. Desmarcheux & Fyfe, for \$40 for additional heating in school basement was accepted, conditional upon its being installed by Aug. 30. This doubles the radiation in the closets and work rooms.

The Board decided to purchase from the Galtz Cornett Drug & Book Co., fifteen school desks for \$33.00, a filling cabinet, for the Board's correspondence at \$20.80, a card index cabinet with cards complete for the library at \$13.50, a book case for the library, four sections, at \$19.50. As the Galtz Co. and the Galtz Cornett Co., in their tender for the library books, did not tender on the same basis, the Board referred the matter back for new tenders.

The Department of Education indicated that the Government grant for the term ending June 1909, on attendance and teachers salaries was \$1077.20.

The Board will order fifty tons of hard coal.

The property committee reported progress on the grading of the school grounds.

The Board will consider matters of looking after high school pupils who may come in from the country for the next term.

Many Ball Players Are Now Under the Ban.

(Calgary Alberta, July 30.)

"All the amateur ball teams who play in the Bloomer Girls are professionalized," said A. A. A. yesterday afternoon, when asked if any action would be taken against the team which had played against the girl ball players.

Mr. Ballantyne says that the Bloomer Girls are professionals, as they play for money, and the consequence any ball player who played against them is professional also.

"I do not know that it made a great deal of difference," he said, "as I understand that the majority of the clubs had about decided to play semi-professional ball anyway, and they looked upon this as a good chance to get professionalized." "We must enforce the rules," he concluded, "as it is no good having them and allowing them to be broken."

Nova Scotia Crops are Good.

Grain Crops Slightly Behind That of Last Year. Fruit Crop Excellent.

Halifax, July 29.—The Nova Scotia government report just out, compiled from returns sent in by 128 correspondents, shows a good outlook and indicates a prosperous year for farmers.

In the fruit sections conditions at the time of bloom were almost ideal, and for the most part the set of fruit was abundant. During the dry weather, however, much fruit dropped, but recent rains have brought almost ideal conditions of fruit growth. The conditions of fruit will be from 90 to 92 per cent. of that of last year. Oats and other grains will be 98 per cent. of an average, potatoes 108 per cent., turnips and other vegetables 108 per cent.

Warm Dry Weather Needed.

Grain Agent Looks for the Best Crop in West's Experience.

(Winnipeg Telegram.)

Thos. S. Acheson, general grain agent of the C. P. R., in summing up the recent crop report says that prospects never were brighter there is generally sufficient moisture to enable the seeds to grow, and that the most part of the set of fruit was abundant. During the dry weather, however, much fruit dropped, but recent rains have brought almost ideal conditions of fruit growth. The conditions of fruit will be from 90 to 92 per cent. of that of last year. Oats and other grains will be 98 per cent. of an average, potatoes 108 per cent., turnips and other vegetables 108 per cent.

Sylvan Lake News.

Increasing in Popularity as a Summer Resort.

By FRANKLIN TREMPER.

Copyrighted, 1906, by Associated Literary Press.

Everybody said she would either give out or give up before the end of the year. It was hard work for the young girl, who was only a slim young girl, so frail that, according to Miss Winter, she looked as if a breath could blow her away. Her father had no business to let her do it. Madge thought she knew her father and herself better than her neighbors did or possibly could. She listened when they advised, but she said nothing. Duty and necessity had laid out a certain way for her, and she must travel in it.

Her father had never been strong in health or successful in business, but that was no fault of his. After her mother's long illness and death he had found himself possessed of only \$100, an old wagon and Pinto.

It was a mining, clean limbed, wiry and tough as a knot. Drive him fifteen miles a day and he was as tractable as a sheep; let him stand in a week and walls and ropes were not able to restrain him.

Mr. Murphy and A. Tait, of Edmonton, spent Sunday at the Lake, returning to Edmonton on Monday.

Mrs. Kirby and Miss Menzies are camping with Mrs. Payne.

The Y. M. C. A. boys report in the Bulletin of having "white-washed" the boys of the Upper Camp 12-11.

Mr. Payne is at the Lake and intends to stay a couple of weeks.

The Rutter boys have put a fine new canoe on the lake, the "Water Witch."

Work is still going on at Mr. Greene's new cottage, which is being built of small poplar logs with the bark peeled off, and it gives promise of being a very pretty building. Hugh Clark is putting it up.

Work is being pushed on the road to town and several miles have already been well graded, and except for a few rough spots near the lake the road is better than it has ever been.

Mr. MacPherson, on the south side of the lake, has been busy with his sawing outfit the past week.

Quite a friendly rivalry exists between our two stores and livery stables owned, respectively, by Messrs. A. Loiseleur and Archambault Bros., and the ice cream and candy store does quite a rushing business.

Sylvan Lake is becoming immensely popular as a summer resort, not only the people of Red Deer, but people from all over Alberta are encamping there.

The following are a few who spent Sunday at the Lake: Mr. G. W. Greene, Mrs. Cornett, Mrs. Ballard, Irvin Higgs, W. Wilson, Mr. English, Geo. Carwell, R. McIlven, Miss N. Brabin, A. Slade, Mr. Hacking, Mr. and Mrs. F. Milner, Mr. Millet, Miss Jennie McLeod, Mr. Murray, Mr. Patchett, Mr. Whitford, W. McKinnon, Miss Irene Clark, Mr. Hamley, Miss Gilliland, Mr. Hanna, E. Kershaw and W. Edmand.

Alberta Agricultural Fairs.

The following are the dates set by the annual convention of the Alberta Agricultural Fairs' association for the fairs to be held in Alberta in 1909:

St. Albert, August 3.
Fort Saskatchewan, August 4.
Olds, September 13 and 14.
Calshaw, August 3.
Macleod, August 4, 5 and 6.
Lethbridge, August 10, 11 and 12.

Love and the Mails.

By FRANKLIN TREMPER.

Copyrighted, 1906, by Associated Literary Press.

Everybody said she would either give out or give up before the end of the year. It was hard work for the young girl, who was only a slim young girl, so frail that, according to Miss Winter, she looked as if a breath could blow her away. Her father had no business to let her do it. Madge thought she knew her father and herself better than her neighbors did or possibly could. She listened when they advised, but she said nothing. Duty and necessity had laid out a certain way for her, and she must travel in it.

Her father had never been strong in health or successful in business, but that was no fault of his. After her mother's long illness and death he had found himself possessed of only \$100, an old wagon and Pinto.

It was a mining, clean limbed, wiry and tough as a knot. Drive him fifteen miles a day and he was as tractable as a sheep; let him stand in a week and walls and ropes were not able to restrain him.

Mr. Murphy and A. Tait, of Edmonton, spent Sunday at the Lake, returning to Edmonton on Monday.

Mrs. Kirby and Miss Menzies are camping with Mrs. Payne.

The Y. M. C. A. boys report in the Bulletin of having "white-washed" the boys of the Upper Camp 12-11.

Mr. Payne is at the Lake and intends to stay a couple of weeks.

The Rutter boys have put a fine new canoe on the lake, the "Water Witch."

Work is still going on at Mr. Greene's new cottage, which is being built of small poplar logs with the bark peeled off, and it gives promise of being a very pretty building. Hugh Clark is putting it up.

Work is being pushed on the road to town and several miles have already been well graded, and except for a few rough spots near the lake the road is better than it has ever been.

Mr. MacPherson, on the south side of the lake, has been busy with his sawing outfit the past week.

Quite a friendly rivalry exists between our two stores and livery stables owned, respectively, by Messrs. A. Loiseleur and Archambault Bros., and the ice cream and candy store does quite a rushing business.

Sylvan Lake is becoming immensely popular as a summer resort, not only the people of Red Deer, but people from all over Alberta are encamping there.

The following are a few who spent Sunday at the Lake: Mr. G. W. Greene, Mrs. Cornett, Mrs. Ballard, Irvin Higgs, W. Wilson, Mr. English, Geo. Carwell, R. McIlven, Miss N. Brabin, A. Slade, Mr. Hacking, Mr. and Mrs. F. Milner, Mr. Millet, Miss Jennie McLeod, Mr. Murray, Mr. Patchett, Mr. Whitford, W. McKinnon, Miss Irene Clark, Mr. Hamley, Miss Gilliland, Mr. Hanna, E. Kershaw and W. Edmand.

Alberta Agricultural Fairs.

The following are the dates set by the annual convention of the Alberta Agricultural Fairs' association for the fairs to be held in Alberta in 1909:

St. Albert, August 3.
Fort Saskatchewan, August 4.
Olds, September 13 and 14.
Calshaw, August 3.
Macleod, August 4, 5 and 6.
Lethbridge, August 10, 11 and 12.

Leduc, September 21.
Dayland, September 22 and 23.
Sedgewick, September 24.
Lloydminster, September 27.
Lacombe, September 28 and 29.
Vegreville, September 29.
Vermilion, September 30 and October 1.

Raymond, September 16 and 17.
Nanton, September 20 and 21.
Viking, October 6.
Pincher Creek, September 22.
Magrath, September 23 and 24.
Cardston, September 28 and 29.
Taber, September 30.
Red Deer, Sept. 30 & Oct. 1.
Irvine, October 1.
Didsbury, October 5 and 6.
